

Summer Meeting

ATM/MA Cambridge Branch

Do you teach maths?

Come and meet like-minded colleagues at our popular MA/ATM meeting here in the Cambridge area. Each meeting has two distinct purposes:

News round up: It's hard enough to keep up with what we're supposed to do now, let alone what's in the pipeline. Be ahead of the game by hearing and sharing the latest news.

Maths for ourselves and the classroom How often do you do some maths just for the fun of it? Our speakers will rekindle that enjoyment and offer ideas for your classroom too.

Could you let us know you're coming?
